

How to use the color palette

Color palette is a set of colors used in a design. It helps to create a consistent and visually appealing look. The palette is divided into primary, secondary, and tertiary colors. The primary colors are the most important and are used most frequently. The secondary colors are used to complement the primary colors. The tertiary colors are used to add depth and interest to the design.

Color palette is a set of colors used in a design. It helps to create a consistent and visually appealing look. The palette is divided into primary, secondary, and tertiary colors.
