W. Barnosky, 1984-01-01 Translation from the Russian 30 papers by various authors covering the time range from the last interglaciation through the various phases of the last glaciation and up to the present time dealing not only with the history of ice sheet and mountain glaciation but also with loess deposits and permafrost features of the periglacial areas the complex history of the inland seas the sequence of vegetation the distribution of mammal and insect faunas the development of human cultures and the reconstruction of climatic changes A History of English Literature Robert Huntington Fletcher, 1919 Jonathan Swift another unique figure of very mixed traits is like Defoe in that he connects the reign of William III with that of his successors and that in accordance with the spirit of his age he wrote for the most part not for literary but for practical purposes in many other respects the two are widely different Swift is one of the best representatives in English literature of sheer intellectual power but his character his aims his environment and the circumstances of his life denied to him also literary achievement of the greatest permanent significance *The Writer*, 1916 New American Supplement to the Latest Edition of the Encyclopaedia Britannica, a Standard Work of Reference in Art, Literature, Science, History, Geography, Commerce, Biography, Discovery and Invention, 1897 **California Through Russian Eyes, 1806-1848** James R. Gibson, 2013-10-23 In the early nineteenth century Russia established a colony in California that lasted until the Russian American Company sold Fort Ross and Bodega Bay to John Sutter in 1841 This annotated collection of Russian accounts of Alta California many of them translated here into English from Russian for the first time presents richly detailed impressions by visiting Russian mariners scientists and Russian American Company officials regarding the environment people economy and politics of the province Gathered from Russian archival collections and obscure journals these testimonies represent a major contribution to the little known history of Russian America Well educated and curious the visiting Russians were acute observers generous in

their appreciation of Hispanic hospitality but outspoken in their criticisms of all they found backward or abhorrent In the various reports and reminiscences contained within this volume they make astute observations of both Hispanic and Native inhabitants describing the Catholic missions with their devout friars and neophyte workers the corruptible Franciscan missionaries the sorry plight of mission Indians the Californios themselves whose religion language dwellings cuisine dress and pastimes were novel to the Russians the economic and social changes in Alta California following Mexican independence and the schemes of American traders and settlers to draw the province into the United States Amplified by James R Gibson s informative annotations and featuring a gallery of elegant color illustrations this unique volume casts new light on the history of Spanish and Mexican California
