Fun With Multiplication Practice At Home

Dalmatian Press, Edward Z. Tronick

Fun With Multiplication Practice At Home:

Math Reproducibles - Grade 4 (ENHANCED eBook) Linda Cernak, 2004-09-01 These reproducible books have a much broader scope than most math workbooks. In addition to offering computation practice they reinforce skills such as problem solving, number sense, data analysis, measurement, geometry, and more. Closely aligned with the national standards, a special assessment section at the end of each book helps teachers evaluate students' progress and prepare them for standardized tests.

Word Problems Bob Olenych, 2003-06 Teachers for grades 4-6 can use this workbook containing more than 40 reproducible pages to help their students get started on solving mathematical word problems for addition, subtraction, multiplication, and division.

Raising Test Scores Using Parent Involvement William L. Callison, 2004 A critical dimension of effective schooling is parent involvement. Research has shown conclusively that parent involvement at home improves student achievement. Furthermore, when parents are involved at school, children accomplish more and attend better schools. In this book, William Callison focuses on the role of parents in helping their children succeed in school. There is increasing evidence that parent involvement increases test scores. New research by Hoxby indicates that family factors are more than 11 times as influential as school factors in predicting student performance. Callison contends that there is an excellent opportunity to make changes based on experience in many schools that are dealing with the need to set high standards and institute programs that will be successful. Special Features identifies programs and strategies that are working. Uses the PTA's National Standards for Parent Family Involvement Program as a guide. Callison also favors raising standards where high levels of assistance are provided to staff, not the testing approach where students may be retained in grade because of a single test score. In the programs that are seeking to help students improve their performance in a variety of assessments, how did they get parents involved in a meaningful way? The author answers this and many more pertinent questions. For PTA members, teachers, and administrators.

Instructor and Teacher, 1981 **Software and CD-ROM Reviews on File**, 2002 Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1961 Includes Part 1 Number 1-2 Books and Pamphlets Including Serials and Contributions to Periodicals January-December

Everyday Mathematics Max Bell, 2004 Contains easy-to-follow three-part daily lesson plans. This assists teachers in focusing on lesson objectives, providing ongoing practice for all students, and addressing individual student needs for a variety of populations. A unit organizer provides learning goals, planning, and assessment support. Content highlights a materials chart, suggestions for problem solving, cross-curricular links, and options for individualizing. Each guide is grade-level specific.

Math Advantage Grace M. Burton, 1999 **Math 2** Dalmatian Press, Edward Z. Tronick, 1999-11 From preschool through Grades 3-4, the workbook series offers progressive math and writing skills and fun activities that make learning enjoyable and successful, bringing out the "I can do it" in each child.

Homes and Gardens, 1941 A practical magazine dealing with houses, furniture, and equipment.
