Imagine what that system might do for your intuitive fretboard knowledge and sightreading ability While unfamiliar with rasgueado strumming or alzap a raise the thumb techniques classical guitarists already have a head start in their approach to flamenco good guitar technique is simply good technique in either style Through its reasoned progressive blending of history and flamenco classical repertoire this series removes the perceived barriers in thinking about and playing the two styles revealing that they are truly one tradition as the series title clearly states To encourage better sightreading The Flamenco Classical Guitar Tradition series is written in standard notation only each book includes extensive online audio tracks for authenticity and ease of learning
