Flash Forward Chris Archer, 1998      **Flash Forward** Chris Archer, 2023-10-31 In the seventh book of this middle grade sci fi series teens with superpowers hijack a UFO and fly to a futuristic Earth controlled by aliens After discovering they are part alien Ethan Ashley Jack and Toni thought nothing worse could ever happen to them Until an enemy attack sends them on the run and right onto their adversary s spaceship It seems like the perfect escape plan When the ship lands and the hatch opens the kids discover they are right back in their hometown of Metier Wisconsin Or rather a future version of their hometown The mall where they used to hang out has been shattered by extraterrestrial warfare With the aliens now in charge the teens will have to band together in order to survive Ethan is most comfortable stepping into the solitary role of leader but he discovers he may need his friends like he never has before Jack and Toni are at each other throats Ashley is running scared They need to figure out how to fight back as a team fast because it s going to take all their collective powers to keep them from the aliens clutches      **Buzzard's Feast** Todd Strasser, 1999 Henry Tompkins and his companions get lost in a desolate desert where they struggle to survive      **Out of Time** Chris Archer, 2023-10-31 In the ninth book of this middle grade sci fi series teens time travel to find the scientist who can help them save their home planet Ethan Ashley Toni and Jack used to be ordinary junior high schoolers in a small Wisconsin town Until they turned thirteen and developed superpowers a genetic inheritance from the Alpha race who gave them life But their Alpha parents disappeared before they could protect their children from the Omegas a mutant race determined to do away with any remaining Alphas and take complete control of Earth So now the teens have to finish the job their parents couldn t Time traveling to the past they locate the scientist who created the Omegas hoping to change the past for a better future But finding the scientist is one thing Convincing him to undo what may have been his greatest genetic engineering experiment is quite another But then again these are no ordinary teenagers      **Aftershock** Chris Archer, 2023-10-31 In the sixth book of this middle grade sci fi series a teen turned alien gains high voltage powers to zap her enemies if they don t get her first Up until her thirteenth birthday Toni Douglas s only superpower was shopping But on the very day she s celebrating becoming a teenager with a trip to the mall she gets arrested for shoplifting As if Then a gang of kids come after her for no apparent reason Good thing a bolt of lightning zaps those jerks before they could get their hands on her It s like a birthday wish come true until Toni realizes the bolt didn t come from the sky but from her Toni s electrifying new life should be exciting only it s anything but Having special powers comes with consequences like the alien assassins on a mission to kill her But growing up in Metier the UFO capital of the north has prepared Toni for this moment And with a little creativity she s ready to face down an extraterrestrial attack      Second Sight Chris Archer, 2023-10-31 In the fourth book of this middle grade sci fi series an alien encounter gives a teen with psychic powers a dangerous premonition Elena Vargas has lived in Metier Wisconsin her whole life But that doesn t mean she actually believes all the rumors about UFO sightings in her small town That is until one night when she sees a

glowing ship in the sky and a man who could be the father that walked out when she was just a child Now Elena is having visions of the future Small things at first like weather predictions or pop quizzes Soon everyone at Metier Junior High thinks Elena is the coolest but Elena isn't feeling so hot when the aliens return and this time they want something from her Face the Fear Chris Archer,2023-10-31 In the eighth book of this middle grade sci fi series superpowered teens must save the Earth's future from dangerous mutants by traveling to the past Trapped on a futuristic Earth Ethan Ashley Toni and Jack must battle earthquakes giant rats and a ruling superhuman race of Omegas in order to stay alive And failure is not an option as the teens might be Earth's only hope to return to the haven it once was The plan Dodge the Omegas and the quakes and the huge rodents long enough to make it back to the time machine that got them here in the first place If the gang can make it back to the past they can create the kind of future on Earth where they and others like them might actually want to live Their mission has one pretty major complication The time machine is located in the Omegas headquarters and the only way to get to it is to step right into the hands of the enemy *Alien Terror* Chris Archer,2023-10-31 In the first book of this middle grade sci fi series a teen gains alien superpowers that make him popular at school but put him in mortal danger Dweeb Dork These are names Ethan Rogers is used to being called in the halls of Metier Junior High It's safe to say that he's an outcast Outside of a brainy clique of nerds Ethan doesn't have many friends Still there are advantages to being from his small Wisconsin town like Metier's weird history of UFO sightings For a comic book geek like Ethan the possibility of seeing an alien is pretty awesome Until he looks in the mirror on his thirteenth birthday and discovers he is an alien At first it's not as bad as it seems Ethan suddenly has powers greater than some of his favorite superheroes Beating the school bully in a fight is pretty rad And when Ethan foils a robbery attempt he becomes a local hero But being in the spotlight isn't easy for Ethan especially when he learns his kind has been targeted for termination **The Witch's Gift** Christopher Pike,1999-02-01 The Witch invites the Spooksville gang to her castle as part of her farewell to the town offering to grant each of them a wish but they soon discover that the Witch's gift may have unexpected and dangerous repercussions **GRIZZLY ATTACK: AGAINST THE ODDS** Todd Strasser,1998-11-01 When Tyler Duvall arrives in Alaska for his dream vacation He finds that his Uncle Jake is seriously ill and that he has to share Jake's cabin with two other kids Jake goes fishing when he disturbs a rogue grizzly bear who follows him back to his uncle's cabin Popular Series Fiction for Middle School and Teen Readers Rebecca L.
