Everett Franklin Bleiler, Richard Bleiler, 1998 *Complementing Science Fiction: The Early Years* which surveys science fiction published in book form from its beginnings through 1930; the present volume covers all the science fiction printed in the genre magazines *Amazing*, *Astounding* and *Wonder* along with offshoots and minor magazines from 1926 through 1936. This is the first time this historically important literary phenomenon which stands behind the enormous modern development of science fiction has been studied thoroughly and accurately. The heart of the book is a series of descriptions of all 1,835 stories published during this period plus bibliographic information. Supplementing this are many useful features: detailed histories of each of the magazines; an issue-by-issue roster of contents; a technical analysis of the art work; brief authors' biographies; poetry and letter indexes; a theme and motif index of approximately 30,000 entries; and general indexes.

Science Fiction: The Gernsback Years is not only indispensable for reference librarians, collectors, readers, and scholars interested in science fiction; it is also of importance to the study of popular culture during the Great Depression in the United States. Most of its data, which are largely based on rare and almost unobtainable sources, are not available elsewhere.

Doodle Jump #6 Meredith Gran, Mario Udzenija, 2015-02-25. After undergoing a series of psychedelic tests, Doodler can see clearly what the evil Manager has in store for his world. But is knowing enough to defeat his final foe? Don't miss the final issue in this original, all-ages accessible comic book series from Dynamite.
