

## **Rizal as a Political Philosopher: Rizal would Criticize Today's Society**

### **Concepts, Meaning, Features and Dimension**

Max Weber defines government as the rise of an institution which has a "monopoly of the legitimate use of physical power."

Weber complains that government is an institution that could legally take people's property by taxing them, imprisoning them, and even executing them. As a result of these powers, government could force people to do things that they otherwise would resist. Rizal's definition of government and politics focused on the Spanish influences. One of Rizal's strongest criticisms of Spaniards' colonialization was the corruption of the bureaucracy. In describing a typical Spanish bureaucrat, Rizal wrote: "In order to govern peoples he does not know or understand, he ought to possess the talent of a genius and extraordinary knowledge. Rizal argued that this was necessary because the Filipinos were gaining a new political sophistication.

### **Rizal's Concept of Government and Politics**

In his letters to the Filipino leaders, Rizal commented at length about government. In a letter to Mariano Ponce, Rizal remarked that one day Filipino political leaders would finish their "arduous mission which is the formation of the Filipino nation."

### **Features Rizal's Definition of Basic Political Terms**

1. Political Culture – is a set of ideas on values about government and political process held by a community or nation.

**Rizal on Political Culture** – In his essay "The Indolence of the Filipinos" Rizal observed that "without education and liberty... no reform is impossible." Rizal explained that the political culture did not thrive in the Philippines because of the inability of the Spaniards to recognize local political values. Only with education could Filipinos overcome this deficiency.

2. Political Socialization – is one of the main elements of political science. Also defined as the process by which people, at various stages in their lives, acquire views and orientations about politics.

**Rizal on Political Socialization** – By emphasizing the importance of being a Filipino, Rizal accelerated the process of local nationalism. His criticism of the friars and the church helped to change attitudes toward local nationalism.

3. Political Ideology – is a comprehensive and logically ordered set of beliefs about the nature of people and about the institutions and role of government

**Rizal on Political Ideology** – In Rizal's novel *Noli Me Tangere*, he wrote: "... we are speaking of the present condition of the Philippines... yes, we are entering upon a period of strife... the strife is between the past, which seizes and strives with curses to cling to the tottering feudal castles, and the future, whose some of triumph may be heard from afar. Bringing the message of good news from other land." As a passionate supporter of a new Philippine nation, Rizal introduced a fierce brand of ideology which had made Filipinos among the most political people in the world. Filipinos have carefully defined political ideology.

4. Nationalism – is the idea of oneness by a group of people who possess common traditions, a shared history, a set of goals, and a belief in a specific future.

**Rizal on Nationalism** – Rizal argued that Filipinos could only foster their own sense of nationalism by studying history. Rizal wrote to Blumentritt: "I would stimulate these Philippine studies." and concluded that history provided "the true concept of one's self and drove nations to do great things." Foremost is that he is the dominant national hero who, unlike all other heroes, had a firm vision of the future of the Philippines. He glorifies life in the Philippines. Osafre D. Corpuz concludes that Rizal's life suggests he is the "father of the country".

5. Representative Government – it is the notion that the people have an inherent right to sit in a chamber that determines their future.

**Rizal on Representative Government** – Spain had granted Filipinos representation in the Spanish Cortes from May 1809 until the privilege was removed by Queen Maria Cristina in 1836. Rizal believed that the representation was essential to the governing process. Rizal contended the representation removed the spirit of revolution.

6. Democracy – a government in which all power is shared by citizens. The word *demos* is derived from a Greek word which means people.

**Rizal on Democracy** – In Rizal's view the best government was a mixture between representative democracy and responsible model of democracy. He believed that it would take some time for Filipinos to actively participate in local government. The definition of democracy is found in Rizal's mind. He employed such definition in his writings, his public speeches, and his advocacy of Philippine democracy. Jose Rizal as an *Ibustrado* in 19th Century. What does it mean? - It means the highlighted one, anti-friar - They were the middle class who were educated in Spanish liberal and exposed to Spanish liberal and European Nationalist ideals
