Great Australian Speeches Pamela Robson, 1940-01-01 Great Australian Speeches brings together a diverse and often moving collection of more than 40 speeches ranging from colonial times to the present day Some have resonated with power enough to shape the nation others encapsulate the best and worst of the Australian character This selection proves that stirring oratory is not simply the preserve of politicians and military figures Bushranger Ned Kelly makes a speech within a speech as his death sentence is passed interrupting the address of Judge Barry with words of defiance Also featured are singer Nellie Melba s farewell speech the irony of which neither speaker nor listeners appreciated at the time Miles Franklin s tribute to Henry Lawson who gave us this kingdom as our own and Richie Benaud s moving eulogy to cricketing legend Donald Bradman Iconic political speeches include Governor Phillip s message to the First Fleet on landing at Sydney Cove the opening address of the Federal parliament by MP William Groom ex convict Robert Menzies Forgotten People speech of 1942 Mick Dodson s Stolen Generation protest of 1997 the dismissal declarations of Gough Whitlam and Governor General John Kerr and Kevin Rudd s statesmanlike Sorry speech of 2008

Flaws Christopher L. Pepin-Neff, 2019-02-20 This book examines the policymaking process following highly emotional events It focuses on the politics of shark attacks by looking at policy responses to tragic shark bites in Florida Australia and South Africa The book reviews these cases by identifying the flaws in the human shark relationship including the way sharks are portrayed as the enemy the way shark bites are seen as intentional and how policy responses appear to be based on public safety Flaws identifies politicians as the true sharks of this story for their manipulation of tragic circumstances to protect their own interests It argues that shark bites are ungovernable accidents of nature and that we are in the way not on the menu

Jeff Corwin *The Jeff Corwin Experience* [The Early Reader in Children's Literature and Culture](#) Jennifer Miskec, Annette Wannamaker, 2015-12-22 This is the first volume to consider the popular literary category of Early Readers books written and designed for children who are just beginning to read independently It argues that Early Readers deserve more scholarly attention and careful thought because they are for many younger readers their first opportunity to engage with a work of literature on their own to feel a sense of mastery over a text and to experience pleasure from the act of reading independently Using interdisciplinary approaches that draw upon and synthesize research being done in education child psychology sociology cultural studies and children s literature the volume visits Early Readers from a variety of angles as teaching tools as cultural artifacts that shape cultural and individual subjectivity as mass produced products sold to a niche market of parents educators and young children and as aesthetic objects works of literature and art with specific conventions Examining the reasons such books are so popular with young readers as well as the reasons that some adults challenge and censor them the volume considers the ways Early Readers contribute to the construction of younger children as readers thinkers consumers and as gendered raced classed subjects It also addresses children s texts that have been translated and sold around the globe examining them as part of an increasingly transnational children s media culture that may add to or supplant regional ethnic and national children s literatures and cultures While this collection focuses mostly on books written in English and often aimed at children living in the US it is important to acknowledge that these Early Readers are a major US cultural export influencing the reading habits and development of children across the globe
