## **Franchising Dreams The Lure Of Entrepreneurship In America:**

Franchising Dreams Peter M. Birkeland, 2004-02-01 McDonald's Blockbuster Video Jiffy Lube Subway Franchising has become an ever present feature of the American landscape One third of the U S gross domestic product flows through franchises and one out of every sixteen workers is employed by one But how did franchising come to play such a dominant role in the American economy What are the day to day experiences of franchisees and franchisers in the workplace What challenges and pitfalls await them as they stake their claim to prosperity These are just a few of the questions explored in Franchising Dreams a documentary like look into the frustrations and uncertainties that entrepreneurs face in their pursuit of the American dream Peter M Birkeland worked for three years in the front line operations of franchise units for three companies met with CEOs and executives and attended countless trade shows seminars and expositions All this firsthand experience gave him unprecedented access to the hopes and aspirations of franchisees His book closely traces different franchisees and follows them as their dreams of wealth and independence buckle beneath the weight of frustrating logistics and contractual technicalities Through extensive interviews and research Birkeland not only discovers what makes franchisees succeed or fail he uncovers the difficulties in running a business according to someone else's system and values Bearing witness to a market flooded with fierce competitors and dependent on the inscrutable whims of consumers he uncovers the numerous challenges that franchisees face in making their businesses succeed Media Franchising Derek Johnson, 2013-03-22 Johnson astutely reveals that franchises are not Borg like assimilation machines but rather complicated ecosystems within which creative workers strive to create compelling shared worlds This finely researched breakthrough book is a must read for anyone seeking a sophisticated understanding of the contemporary media industry Heather Hendershot author of What's Fair on the Air Cold War Right Wing Broadcasting and the Public Interest While immediately recognizable throughout the U S and many other countries media mainstays like X Men Star Trek and Transformers achieved such familiarity through constant reincarnation In each case the initial success of a single product led to a long term embrace of media franchising a dynamic process in which media workers from different industrial positions shared in and reproduced familiar culture across television film comics games and merchandising In Media Franchising Derek Johnson examines the corporate culture behind these production practices as well as the collaborative and creative efforts involved in conceiving sustaining and sharing intellectual properties in media work worlds Challenging connotations of homogeneity Johnson shows how the cultural and industrial logic of franchising has encouraged media industries to reimagine creativity as an opportunity for exchange among producers licensees and even consumers Drawing on case studies and interviews with media producers he reveals the meaningful identities cultural hierarchies and struggles for distinction that accompany collaboration within these production networks Media Franchising provides a nuanced portrait of the collaborative cultural production embedded in both the media industries and our own daily lives *The Wiley Blackwell Encyclopedia of Consumption and Consumer*

*Studies* Daniel Thomas Cook, J. Michael Ryan, 2015-03-02 With entries detailing key concepts persons and approaches The Wiley Blackwell Encyclopedia of Consumption and Consumer Studies provides definitive coverage of a field that has grown dramatically in scope and popularity around the world over the last two decades Includes over 200 A Z entries varying in length from 500 to 5 000 words with a list of suggested readings for each entry and cross references as well as a lexicon by category and a timeline Brings together the latest research and theories in the field from international contributors across a range of disciplines from sociology cultural studies and advertising to anthropology business and consumer behavior Available online with interactive cross referencing links and powerful searching capabilities within the work and across Wiley s comprehensive online reference collection or as a single volume in print [www.consumptionandconsumerstudies.com](http://www.consumptionandconsumerstudies.com)

Encyclopedia of New Venture Management Matthew R. Marvel, 2012-05-01 New venture management requires all the skills obtained within the typical MBA program and then some While those entering traditional management positions within established companies might expect to find established customers a degree of predictability formalized procedures and earnings that may be taken more or less for granted new ventures often are launched into highly dynamic environments characterized by rapid technological change inherent unpredictability and an uncertain cash flow Such ventures often require rapid growth to succeed While new ventures offer those who initiate them a high degree of independence excitement and potential for great reward they also bring high risk stress and greater potential for failure Thus it takes a special set of skills techniques and temperament to succeed These skills along with the potential risks and rewards and environmental settings and characteristics are explored in the Encyclopedia of New Venture Management Features Benefits 150 carefully selected signed entries each with Cross References and Further Readings are organized in A to Z fashion to give students easy access to the full range of topics in new venture management A thematic Reader s Guide in the front matter groups related entries by broad topical and thematic areas to make it easy for users to find related entries at a glance with themes that include Entrepreneurial Decision Making Corporate Entrepreneurship Entrepreneurial Marketing Leadership Human Resources Financing Development and more In the electronic version the Reader s Guide combines with a detailed Index and the Cross References to provide users with robust search and browse capacities A Chronology in the back matter helps students put individual events into broader historical context A Glossary provides students with concise definitions to key terms in the field A Resource Guide to classic books journals and web sites along with the Further Readings accompanying each entry helps guide students to further resources for their research journeys An appendix includes the report The State of Small Business

Sociology of Work Vicki Smith, 2013-05-16 The simple act of going to work every day is an integral part of all societies across the globe It is an ingrained social contract we all work to survive But it goes beyond physical survival Psychologists have equated losing a job with the trauma of divorce or a family death and enormous issues arise from financial panic to sinking self esteem Through work we build our self identity our lifestyle and our aspirations How did it come about

that work dominates so many parts of our lives and our psyche This multi disciplinary encyclopedia covers curricular subjects that seek to address that question ranging from business and management to anthropology sociology social history psychology politics economics and health Features Benefits International and comparative coverage 335 signed entries A to Z fill 2 volumes in print and electronic formats Cross References and Suggestions for Further Readings guide readers to additional resources A Chronology provides students with historical perspective of the sociology of work In the electronic version the comprehensive Index combines with the Cross References and thematic Reader s Guide themes to provide robust search and browse capabilities Routledge International Handbook of Migration Studies Steven J. Gold,Stephanie J.

Nawyn,2019-05-08 This revised and expanded second edition of Routledge International Handbook of Migration Studies provides a comprehensive basis for understanding the complexity and patterns of international migration Despite increased efforts to limit its size and consequences migration has wide ranging impacts upon social environmental economic political and cultural life in countries of origin and settlement Such transformations impact not only those who are migrating but those who are left behind as well as those who live in the areas where migrants settle Featuring forty six essays written by leading international and multidisciplinary scholars this new edition showcases evolving research and theorizing around refugees and forced migrants new migration paths through Central Asia and the Middle East the condition of statelessness and South to South migration New chapters also address immigrant labor and entrepreneurship skilled migration ethnic succession contract labor and informal economies Uniquely among texts in the subject area the Handbook provides a six chapter compendium of methodologies for studying international migration and its impacts Written in a clear and direct style this Handbook offers a contemporary integrated resource for students and scholars from the perspectives of social science humanities journalism and other disciplines Encyclopedia of American Urban History David Goldfield,2007 Publisher description The Nation ,2002 **Journal of Economic Literature** ,2002 The Publishers Weekly ,2002
