

FUTURE OF PSYCHOTHERAPY

- What does the future hold? Have we witnessed the flowering of a cultural movement that is tied to just one unique time and place, or is it a fundamental step forward in human thinking and relationships? In our increasingly global world will it spread ever more widely or perhaps fade away altogether? Have the various changes in its practice made it more relevant to modern man or less so? Will the enormous advances in medicine, neuroscience, and psychology, and our move into the digital age of social media, render it obsolete?
