American Internationalism , A Black Queer History of the United States C. Riley Snorton, Darius Bost, 2026-01-20 The first ever Black history to center queer voices this landmark study traces the lives of LGBTQ Black Americans from slavery to present day Gender and sexual expression have always been part of the Black freedom struggle In this latest book in Beacon s award winning *ReVisioning History* series Professors C Riley Snorton and Darius Bost unearth the often overlooked history of the Black queer community in the United States Arguing that both gender and sexual expression have been an intimate and intricate part of Black freedom struggle Snorton and Bost present historical contributions of Black queer trans and gender non conforming Americans from slavery to the present day to highlight how the fight against racial injustice has always been linked to that of sexual and gender justice Interweaving stories of queer and trans figures such as Private William Cathay Cathay Williams born female but enlisted in the Army as a man in the mid 1860s Josephine Baker internationally known dancer and entertainer of the early 20th century who was also openly bisexual Bayard Rustin prominent Civil Rights activist whose well known homosexuality was viewed as a potential threat to the movement Amanda Milan a black trans woman whose murder in 2000 unified the trans people of color community this book includes a deep dive into the marginalization unjust criminalization and government legislation of Black queer and trans existence It also shows how Black Americans have played an integral role in the modern LGBTQ rights movement countering narratives that have predominantly focused on white Americans Through storytelling and other narratives Snorton and Bost show how the Black queer community has always existed regardless of the attempts to stamp it out and how those in it continue to fight for their rightful place in the world

Religion and Contemporary Politics Timothy J. Demy, Jeffrey M. Shaw Ph.D., 2019-09-19 With respect to the countries of the world this work addresses two basic questions How does religion affect politics in this country and How does politics affect religion in this country Although there are many books on the topics of religion and politics reference works that consider the two together are few with those that do exist primarily addressing theory rather than trends The present work does the latter contextualizing them within regional and

national boundaries In so doing it recognizes the power of political and religious ideas and movements on individuals communities and nations making the work a valuable resource for several disciplines among them political science international relations religion and sociology The work focuses on the interplay of religion and politics in countries around the world with an emphasis on the post 2000s It is organized by global geographic regions including Africa Central and South America and the Middle East and presents countries alphabetically within those sections Each region has a brief overview of the political religious dynamics of the area so readers can compare and contrast the dynamics between and among countries in a region The work also includes an introduction sidebars and a bibliography
