National Testing in Schools Bob Lingard, Greg Thompson, Sam Sellar, 2015-11-06 Over the last two decades large scale national or provincial standardised testing has become prominent in the schools of many countries around the globe National Testing in Schools An Australian Assessment draws on research to consider the nature of national testing and its multiple effects including media responses and constructions such as league tables of performance pressures within school systems and on schools effects on the work and identities of principals and teachers and impacts on the experience of schooling for many young people including those least advantaged Using Australia as the case site for global concerns regarding national testing this book will be an invaluable companion for education researchers teacher educators teacher education students and teachers globally

[The Proceedings of the 12th International Congress on Mathematical Education](#) Sung Je Cho, 2015-02-10 This book comprises the Proceedings of the 12th International Congress on Mathematical Education ICME 12 which was held at COEX in Seoul Korea from July 8th to 15th 2012 ICME 12 brought together 3500 experts from 92 countries working to understand all of the intellectual and attitudinal challenges in the subject of mathematics education as a multidisciplinary research and practice This work aims to serve as a platform for deeper more sensitive and more collaborative involvement of all major contributors towards educational improvement and in research on the nature of teaching and learning in mathematics education It introduces the major activities of ICME 12 which have successfully

contributed to the sustainable development of mathematics education across the world The program provides food for thought and inspiration for practice for everyone with an interest in mathematics education and makes an essential reference for teacher educators curriculum developers and researchers in mathematics education The work includes the texts of the four plenary lectures and three plenary panels and reports of three survey groups five National presentations the abstracts of fifty one Regular lectures reports of thirty seven Topic Study Groups and seventeen Discussion Groups

School Reform in an Era of Standardization Ian Hardy, 2020-12-29 School Reform in an Era of Standardization explores how teachers and school based administrators navigate the processes of accountability and standardization in schooling systems and settings It provides clear insights into how the work and learning of teachers and students in schools have been dramatically reconstituted by increased pressures of external political scrutiny and accountability The book reveals in detail the nature and effects of standardization processes upon schools and schooling systems Specifically it shows how curriculum development teaching and assessment practices have all been recalibrated under conditions of increased external scrutiny of teacher and student work and learning and how such processes are manifest in curriculum dominated by attention to literacy and numeracy more scripted pedagogies and standardized testing However the research not only elaborates the detrimental effects of such processes but also how those responsible for educating in schools teachers heads of curriculum deputy principals and principals have responded proactively by interpreting interrogating and challenging these conditions In this way it provides resources for hope evidence of what are described as more authentic accountabilities and at the same time it provides a clear portrait of the difficulty of fostering substantive curriculum teaching and assessment reform during an era of increasingly reductive accountability processes It will be an invaluable resource for understanding and enhancing practices in schools and school systems in the decades to come and for giving hope to educators in the ongoing work of rebuilding trust in public education

Helping Children Learn Mathematics, 5th Australian Edition Robert Reys, Mary Lindquist, Diana V. Lambdin, Nancy L. Smith, Anna Rogers, Leicha Bragg, Audrey Cooke, Melissa Fanshawe, Mark Gronow, 2025-10-10

Asian Migration and Education Cultures in the Anglosphere Megan Watkins, Christina Ho, Rose Butler, 2019-03-27 Asian migration and mobilities are transforming education cultures in the Anglosphere prompting mounting debates about tiger mothers and dragon children and competition and segregation in Anglosphere schools This book challenges the cultural essentialism which prevails in much academic and popular discussion of Asian success and in relation to Asian education mobilities As anxiety and aspiration within these spaces are increasingly ethnicised the children of Asian migrants are both admired and resented for their educational success This book explores popular perceptions of Asian migrant families through in depth empirically informed accounts on the broader economic social historical and geo political contexts within which education cultures are produced This includes contributions from academics on global markets and national policies around migration and education classed trajectories and articulations local formations of ethnic

capital and transnational assemblages that produce education and mobility as means for social advancement At a time when our schooling systems and communities are undergoing rapid transformations as a result of increasing global mobility this book is a unique and important contribution to an issue of pressing significance This book was originally published as a special issue of the Journal of Ethnic and Migration Studies
