Italian Assault Craft, 1940-1945 Erminio Bagnasco,2023-06-30 In stark contrast to the rather modest performance of its large surface fleet in the Second World War the Italian Navy s smallest units achieved its most spectacular successes It made a specialty of unconventional methods of attack explosive motor boats human torpedoes and miniature submarines that were employed with ingenuity and daring to surprise discomfort and baffle the enemy In December 1941 the whole balance of the naval war in the Mediterranean was altered by six frogmen riding three of the SLC craft they called maiale pigs who penetrated Alexandria harbor to cripple the battleships Valiant and Queen Elizabeth surely one of the most impressive ratios of results to resources in naval history This book is the first complete history of these craft both the details of the technology and the history of their deployment Beginning in the Great War with the extraordinary jumping boats designed to scale harbor boom defenses the story takes in the inter war development of both lightweight surface craft and underwater systems from small submarines to Gamma assault divers By way of comparison equivalent developments in other navies are analyzed including the British chariots which were little more than copies of the Italian SLCs Every operation by these craft is described cataloging the forces involved and the results from high profile successes like the sinking of the cruiser York by explosive motorboat to lesser known incidents the use of such craft by the Israelis as late as 1948 for example Many were carried out by the famous Decima MAS a unit as legendary in Italy as the SAS in Britain and this book provides a comprehensive chronicle of their activities Originally commissioned by CABI Cattaneo that designed and built most of these craft Italian Assault Craft benefited from unrestricted access to the company s archives technical drawings and photo collection so it is replete with rarely seen illustrations Very much secret weapons in their day they are here revealed in full detail for the first time **Crossroads; Land and Life in Southwest Asia** George Babcock Cressey,1960 Middle East News Weekly Research Review ,1963 MEN Middle East News Economic Weekly Anbā' al-Sharq al-Awsat,1963 World Petroleum ,1956 *On Course to Desert Storm* Michael A. U.S. Policy in the Persian Gulf and Kuwaiti Reflagging Michael H. Armacost, 1987 **No Higher Honor** Bradley Peniston, 2013-01-15 Like its World War II namesake of Leyte Gulf fame USS Samuel B Roberts FFG 58 was a small combatant built for escort duty But its skipper imbued his brand new crew with a fighting spirit to match their forebears and in 1988 when the guided missile frigate was thrust into the Persian Gulf at the height of the Iran Iraq War there was no better ship for the job Forbidden to fire unless fired upon Captain Paul Rinn and his crew sailed amid the chaos in the Gulf for two months relying on wit and nerve to face down fighter jets and warships bent on the destruction of civilian vessels Their sternest test came when an Iranian mine ripped open the ship's engine room ignited fires on four decks and plunged the ship into darkness The crew's bravery and cool competence was credited with keeping the ship afloat and its actions have become part of Navy lore and a staple of naval leadership courses ever since This is the first book to record the Roberts extraordinary tale After years of research and interviews with crewmembers journalist Bradley Peniston chronicles the crew's heroic efforts to save the ship as they fought flames and flooding well into the night The author also describes the frigate's origins its operational history and the crew's training Peniston's personal approach to the subject not only breathes life into the historical narrative but gives readers an opportunity to get to know the individuals involved and understand the U S retaliation to the mining and the battle that evolved setting the stage for conflicts to come **Inside the Danger Zone** Harold Lee Wise, 2007 From the Iraqi attack on the USS Stark to Iranian mine fields to Revolutionary Guard gunboats the 1987-88 Persian Gulf was a place of shadowy danger for U S Navy ships assigned to protect oil tankers during the Iran Iraq War A low profile escort mission quickly became an international test of wills between the United States and Iran The conflict escalated to involve secret missions and special operations until finally the United States and Iran engaged in open combat most notably during Operation Praying Mantis in April 1988 the world's largest sea air battle since World War II It was the largest deployment of American forces between the Vietnam War and Desert Storm and one with dramatic implications for subsequent events Yet the story remained mostly untold and misunderstood for almost two decades Inside the Danger Zone is the first book ever published to focus on this period a fourteen month span that saw an unprecedented series of American military action in this volatile region Based on declassified documents and extensive interviews with veterans and government officials many of which spoke out for the first time Inside the Danger Zone is a fast moving narrative history that tells the story of this quasi war with Iran from the White House to the front lines **On Course to Desert Storm** Michael A. Palmer, 1993-07 Discusses the history of English American naval forces in the Persian Gulf 1800-1945 the assurance of

access to oil supplies 1950 1981 Traces the evolution of American naval policy in the region from the establishment of the U S Navy s Middle East Force in 1949 through the Iran Iraq War 1981 1988 up to the crisis that began when Saddam Hussein invaded Kuwait in 1990 46 black white photos 10 tables
