The Freudian Exodus:

Psychoanalysis and the Mosaic Legacy Andrew Barnaby,2024-11-11 The Freudian Exodus redefines the traumatic experience that Freud argued was the origin of Judaic monotheism the murder of Moses Focusing instead on the Babylonian Exile the study explores a series of topics understood as the aftershocks of that cultural trauma Among these are the nature of anti Semitism Christianity s vexed relationship to Judaism the fantasmatic status of subjectivity the cultural function of Torah and Freud s escape at the end of his life from Nazi controlled Austria The in depth analysis of these topics aims for a new understanding of psychoanalysis conceived more as a philosophy than as a mode of therapy

In Search of the Hidden Treasure George Rapanos,2006-12-01 In Search of the Hidden Treasure The Pearl of Great Worth is a book dealing with religious transformation It is an aggregate of various sources as diverse as Buddha Meister Eckhart Edna St Vincent Millay Samuel Taylor Coleridge Walt Whitman and the Bible This book is both a spiritual autobiographical affirmation of my faith and encouragement to those who wish to follow a path that may lead them to spiritual fulfillment It evolved from a religious revelation which I had in 1984 and is an anguished forthright attempt to come to grips with the religious issues which I found hostile and unfriendly and contained in daily life It is not my intent to reveal a set of truths about God as much as it is an attempt to convey through prose poetry quotations parables wisdom tales and my own mythological story and poetic works the intuition of reality that touches the heart and burns and stirs the soul I have written what I feel is crucial and important in describing the reality of truth

On Spectrality David Ratmoko,2006 Ratmoko English literature U of Zurich and comparative literature Yale U traces the genealogy of ghosts through philosophical literary and religious texts of the Western canon He discusses the spectral history of guilt in law the historical truth of spectrality spectrality in the era of Christianity and Greek tragedy and phantom formations after the Renaissance Annotation 2006 Book News Inc Portland OR booknews com

Holistic Happiness Robert P. Vande Kappelle,2022-06-23 As the founders of the US republic make clear in the Declaration of Independence human beings have an unassailable right to life liberty and the pursuit of happiness While the meaning of these unalienable rights is debated it is clear that these rights are interrelated Concerned with these rights Holistic Happiness focuses on happiness defining the purpose of life as achieving and maintaining happiness conducive to the equitable flourishing of all To this end happiness should not be confused with pleasure which is momentary and transitory for happiness is not so much a feeling as an attitude associated with what we

call achieving meaning and purpose in life Properly understood happiness can be achieved but only by inner discipline requiring a transformation of one's outlook attitude and approach to life As this book emphasizes good health is an important foundation for happiness However to experience and maintain good health requires good genes a balanced lifestyle supportive companions wholesome eating and drinking regular exercise a positive mindset an active disposition and good fortune While happiness and good health are frequently disrupted by accidents disease stress chemical and emotional imbalance and numerous other factors wellness is achievable and sustainable but it needs balanced input from an individual's four constituent dimensions physical mental emotional and spiritual In this regard this volume is a resource for individuals seeking holistic happiness While benefitting from recent scholarly research Holistic Happiness is unique in content and conception and is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection
